SUBJECT: ELDER AND DEPENDENT ADULT ABUSE REPORTING LAW

EXPIRES: Retain Until Rescinded

REFERENCE: Provides Updated Information on Legislative Change

Information contained in this Information Notice was obtained from a correspondence to all county welfare directors of Adult Protective Services Programs.

Senate Bill 1681 (Chapter 594, Statutes of 1994) was signed into law by the Governor on September 15, 1994, and became effective on January 1, 1995. This legislation recodifies and recasts the provisions of the elder and dependent adult abuse reporting law of the Welfare and Institutions Code (W&IC) Section 15600 et al. Also, the legislation adds to the list of mandated reporters of physical abuse, defines additional terms for purposes of the law, and authorizes the reporting of abuse to the State Department of Mental Health or the State Department of Social Services when the abuse occurs in a state mental hospital or a state developmental center respectively. Other revisions help minimize some agency cross-reporting activities by Adult Protective Services agencies.

Recasting of the provisions of the law integrates certain code sections under new articles, thereby streamlining the law for easier reference by public and private agencies, health and social services providers, facility employers and employees, and organizations, and include the following Articles 2. through 10.:

2. Definitions
3. Mandatory and Nonmandatory Reports of Abuse
4. Confidentiality
5. Local Agency Cross-Reporting
6. Investigation of Reports
7. Interagency Coordination
8. Prosecution of Elder and Dependent Adult Abuse Cases
9. Reporting Forms
10. Employee Statement

Additional mandated reporters are included under the definition of "Care custodian," (W&IC 15610.17), meaning administrator or an employee of the following: agencies providing publicly funded in-home supportive services; Independent Living Centers; Alzheimer's Disease day care resource centers; vocational rehabilitation facilities and work activity centers (formerly "sheltered workshops"); offices of public conservators, public guardians, and clients' rights advocates, including attorneys; offices of public conservators, public guardians, and court investigators; protection and advocacy agencies/persons appointed/contracted under federal legislation for developmentally disabled and mentally ill individuals.

New terms for purposes of provisions of the reporting law are defined and include: "long term care facility"; "reasonable suspicion"; and "multidisciplinary personnel team."

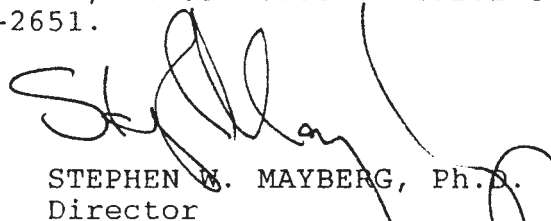

Under the new law, mandated reporters must now report suspected abuse occurring in a state mental health hospital or a state developmental center to designated investigators of the State Department of Mental Health or the State Department of Developmental Services or to the local law enforcement agency. Previously, mandated reporters reported suspected abuse to the local ombudsman program or to a local law enforcement agency. County Adult Protective Services (APS) agencies will continue to accept reports of abuse of developmentally disabled and mentally ill persons when they are in their own homes and should coordinate these cases with Regional Centers and county departments of mental health.

Added to the abuse reporting law is a section (W&IC 15656 (a)) titled "Prosecution of Elder and Dependent Adult Abuse Cases," which is a repeat of the language in Penal Code Section 368, commonly referred to by law enforcement agencies. Inclusion of the above in the W&IC is for quicker reference for investigators and is a reminder of the criminal nature of abuse of elders and dependent adults.

STATE HOSPITALS

A change in reporting requirements under SB 1681 (Chapter 594, Statutes of 1994) has occurred. There is no longer a requirement for state hospitals to report to local adult protection services agencies suspected abuses that occur in state mental hospitals concerning elder and dependent adult abuse. SB 1681 mandates such suspected abuse reports be made and directed to designated investigators of state mental hospitals. State hospitals should continue to report cases of suspected abuse through normal hospital channels and to use the current format of documenting the incidents until revisions are made to the current reporting form. The special order will be revised and a new reporting form will be developed.

[Approved by Governor September 15, 1994. Filed with Secretary of State September 16, 1994.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1681, Mello. Aging: elder and dependent adult abuse.

(1) Existing law sets forth the provisions for the reporting of actual or suspected physical or other abuse, as defined, of an elder or dependent adult by specified persons and entities, including care custodians, as defined, imposes various requirements on local, county, and state agencies in processing, investigating, and reporting on these reports, and requires the development of certain reporting forms by the State Department of Social Services in consultation with various entities. Existing law further imposes criminal penalties on persons required to report abuse who fail to do so.

This bill would recodify and recast these provisions. It would, in addition, define the terms "long-term care facility," "reasonable suspicion," and "multidisciplinary personnel team" for purposes of these provisions. It would include Alzheimer's Disease day care centers, in-home supportive services agencies, vocational rehabilitation facilities, independent living centers, private assistance agencies, and clients' rights advocates, as defined, within the definition of "care custodian."

This bill would delete the provisions referring to the long-term care ombudsman coordinator and instead refer to the long-term care ombudsman program. It would delete the provisions requiring the ombudsman coordinator to submit certain reports to the county adult protective services agency, and instead require the

ombudsman program to report to the Department of Aging monthly, and the Department of Aging to report to the State Department of Social Services quarterly. It would no longer require the county to include the reports it receives from the ombudsman program in its report to the State Department of Social Services.

This bill would except state development centers and hospitals from the requirement that abuse occurring in long-term care facilities be submitted to the long-term care ombudsman coordinator. It would authorize state development centers and state hospitals to report alleged or suspected abuse to the State Department of Mental Health or the State Department of Developmental Services.

This bill would authorize the disclosure of certain confidential information between members of the multidisciplinary team. It would also require various agencies to report on an investigation of a referral or report of abuse to the agency submitting the referral or report.

This bill would delete the requirement that the State Department of Social Services consult with the State Department of Education, among others, in the development of certain forms, and instead require consultation with the State Department of Mental Health, among others.

This bill would specifically make it a crime for any person to cause a dependent adult to suffer, or to inflict unjustifiable physical pain or mental suffering on a dependent adult or for any person having the care or custody of any elder or dependent adult to willfully cause or permit the elder or dependent adult to be injured or to cause or permit the elder or dependent adult to be placed in a situation that his or her person or health is endangered. It would also make it a crime for a person to fail to report an instance of physical abuse of an elder or dependent adult when the person is required to do so.

By creating new crimes, this bill would impose a state-mandated local program on counties implementing its provisions.

This bill would require the State Department of Social Services to maintain minimum guidelines for use by counties in determining when an investigation of abuse is warranted.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed \$1,000,000, shall be made from the State Mandates Claims Fund,

except that the bill would specify that no reimbursement is required by a particular provision of this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. Section 15600 of the Welfare and Institutions Code is amended to read:

15600. (a) The Legislature recognizes that elders and dependent adults may be subjected to abuse, neglect, or abandonment and that this state has a responsibility to protect these persons.

(b) The Legislature further recognizes that a significant number of these persons are elderly. The Legislature desires to direct special attention to the needs and problems of elderly persons, recognizing that these persons constitute a significant and identifiable segment of the population and that they are more subject to risks of abuse, neglect, and abandonment.

(c) The Legislature further recognizes that a significant number of these persons have developmental disabilities and that mental and verbal limitations often leave them vulnerable to abuse and incapable of asking for help and protection.

(d) The Legislature recognizes that most elders and dependent adults who are at the greatest risk of abuse, neglect, or abandonment by their families or caretakers suffer physical impairments and other poor health that place them in a dependent and vulnerable position.

(e) The Legislature further recognizes that factors which contribute to abuse, neglect, or abandonment of elders and dependent adults are economic instability of the family, resentment of caretaker responsibilities, stress on the caretaker, and abuse by the caretaker of drugs or alcohol.

(f) The Legislature declares that this state shall foster and promote community services for the economic, social, and personal well-being of its citizens in order to protect those persons described in this section.

(g) The Legislature further declares that uniform state guidelines, which specify when county adult protective service agencies are to investigate allegations of abuse of elders and dependent adults and the appropriate role of local law enforcement is necessary in order to ensure that a minimum level of protection is provided to elders and dependent adults in each county.

(h) The Legislature further finds and declares that infirm elderly persons and dependent adults are a disadvantaged class, that cases of abuse of these persons are seldom prosecuted as criminal matters, and few civil cases are brought in connection with this abuse due to problems of proof, court delays, and the lack of incentives to prosecute these suits.

(i) Therefore, it is the intent of the Legislature in enacting this chapter to provide that adult protective services agencies, local

long-term care ombudsman programs, and local law enforcement agencies shall receive referrals or complaints from public or private agencies, from any mandated reporter submitting reports pursuant to Section 15630, or from any other source having reasonable cause to know that the welfare of an elder or dependent adult is endangered, and shall take any actions considered necessary to protect the elder or dependent adult and correct the situation and ensure the individual's safety.

(j) It is the further intent of the Legislature in adding Article 8.5 (commencing with Section 15657) to this chapter to enable interested persons to engage attorneys to take up the cause of abused elderly persons and dependent adults.

SEC. 2. Article 2 (commencing with Section 15610) of Chapter 11 of Part 3 of Division 9 of the Welfare and Institutions Code is repealed.

SEC. 3. Article 2 (commencing with Section 15610) is added to Chapter 11 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

The information obtained shall be maintained in a manner that ensures the maximum protection of privacy and confidentiality rights.

(c) This section shall not be construed to allow disclosure of any reports or records relevant to the reports of elder or dependent adult abuse if the disclosure would be prohibited by any other provisions of state or federal law applicable to the reports or records relevant to the reports of the abuse.

The adult protective services agency shall act only with the consent of the victim unless a violation of the Penal Code has been alleged. A local long-term care ombudsman shall act only with the consent of the victim and shall disclose confidential information only after consent to disclose is given by the victim or pursuant to court order.

SEC. 20. Article 5 (commencing with Section 15640) is added to Chapter 11 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 5. Local Agency Cross-Reporting

15640. (a) (1) An adult protective services agency shall immediately, or as soon as practically possible, report by telephone to the law enforcement agency having jurisdiction over the case any known or suspected instance of criminal activity, and to any public agency given responsibility for investigation in that jurisdiction of cases of elder and dependent adult abuse, every known or suspected instance of physical abuse of an elder or dependent adult. A county adult protective services agency shall also send a written report thereof within two working days of receiving the information concerning the incident to each agency to which it is required to make a telephone report under this subdivision.

(2) Only a written report of possible criminal activity, sent within two working days, shall be required in the case of abuse other than

physical abuse.

(3) If an adult protective services agency receives a report of abuse alleged to have occurred in a long-term care facility, that adult protective services agency shall immediately inform the person making the report that he or she is required to make the report to the long-term care ombudsman program or to a local law enforcement agency. The adult protective services agency shall not accept the report.

(b) If an adult protective services agency or local law enforcement agency or ombudsman program receiving a report of known or suspected elder or dependent adult abuse involving physical abuse determines, pursuant to its investigation, that the abuse is being committed by a health practitioner licensed under Division 2 (commencing with Section 500) of the Business and Professions Code, or any related initiative act, or by a person purporting to be a licensee, the adult protective services agency or local law enforcement agency or ombudsman program shall immediately report this information to the appropriate licensing agency. The licensing agency shall investigate the report in light of the potential for physical harm. The transmittal of information to the appropriate licensing agency shall not relieve the adult protective services agency or local law enforcement agency or ombudsman program of the responsibility to continue its own investigation as required under applicable provisions of law. The information reported pursuant to this paragraph shall remain confidential and shall not be disclosed.

(c) A local law enforcement agency shall immediately, or as soon local practically possible, report by telephone to the long-term care ombudsman program when the abuse is alleged to have occurred in a long-term care facility or to the county adult protective services agency when it is alleged to have occurred anywhere else, and to the agency given responsibility for the investigation of cases of elder and dependent adult abuse every known or suspected instance of abuse of an elder or dependent adult. A local law enforcement agency shall also send a written report thereof within two working days of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

(d) A long-term care ombudsman coordinator may report the instance of abuse to the county adult protective services agency or to the local law enforcement agency for assistance in the investigation of the abuse if the victim gives his or her consent. A long-term care ombudsman program and the Licensing and Certification Division of the State Department of Health Services shall immediately report by telephone and in writing within two working days to the bureau any instance of neglect occurring in a health care facility, that has seriously harmed any patient or reasonably appears to present a serious threat to the health or

physical well-being of a patient in that facility. If a victim or potential victim of the neglect withholds consent to being identified in that report, the report shall contain circumstantial information about the neglect but shall not identify that victim or potential victim and the bureau and the reporting agency shall maintain the confidentiality of the report until the time at which the report becomes a matter of public record.

(e) When a county adult protective services agency, a long-term care ombudsman program, or a local law enforcement agency receives a report of abuse, neglect, or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, that county adult protective services agency, long-term care ombudsman coordinator, or local law enforcement agency shall report the incident to the licensing agency by telephone as soon as possible.

(f) County adult protective services agencies, long-term care ombudsman programs, and local law enforcement agencies shall report the results of their investigations of referrals or reports of abuse to the respective referring or reporting agencies.

(a) Investigation of reports of known or suspected instances of abuse in long-term care facilities shall be the responsibility of the long-term care ombudsman program, for instances of physical and fiduciary abuse, the local law enforcement agency, and for instances of potential criminal neglect in a long-term health care facility, the long-term care ombudsman program and the bureau.

(b) Investigations of known or suspected instances of abuse outside of long-term care facilities shall be the responsibility of the county adult protective services agency and the local law enforcement agency unless another public agency is given responsibility for investigation in that jurisdiction.

(c) The investigative responsibilities set forth in this section are in addition to, and not in derogation of or substitution for, the investigative and regulatory responsibilities of licensing agencies, such as the State Department of Social Services Community Care Licensing Division and the State Department of Health Services Licensing and Certification Division and their authorized representatives.

(d) Other public agencies involved in the investigation of abuse or advocacy of respective client populations, or both, include, but shall not be limited to, the State Department of Mental Health and the State Department of Developmental Services. Other public

agencies shall conduct or assist in, or both, the investigation of reports of abuse of elder and dependent adults within their jurisdiction in conjunction with county adult protective services, local ombudsman programs and local law enforcement agencies.

(e) Each county adult protective services agency shall maintain an inventory of all public and private service agencies available to assist victims of abuse, as defined by Section 15610.07. This inventory shall be used to refer victims in the event that the county adult protective services agency cannot resolve the immediate needs of the victim, and to serve the victim on a long-term, followup basis. The intent of this section is to acknowledge that limited funds are available to resolve all suspected cases of abuse reported to a county adult protective services agency.

(f) Each local ombudsman program shall maintain an inventory of all public and private agencies available to assist long-term care residents who are victims of abuse, as defined by Section 15610.07. This inventory shall be used to refer cases of abuse in the event that another agency has jurisdiction over the resident, the abuse is verified and further investigation is needed by a law enforcement or licensing agency, or the program does not have sufficient resources to provide immediate assistance. The intent of this section is to acknowledge that ombudsman responsibility in abuse cases is to receive reports, determine the validity of reports, refer verified abuse cases to appropriate agencies for further action as necessary, and follow up to complete the required report information. Other ombudsman services shall be provided to the resident, as appropriate.

(b) Uniform guidelines for local law enforcement assistance with investigations of allegations of abuse to elders and dependent adults as developed by the Department of Justice in consultation with the department, the Department of Aging, and other concerned state and local agencies pursuant to Section 15640, as amended by Chapter 769 of the Statutes of 1986, shall remain in effect until modified. Consistent with these guidelines, county adult protective services agencies may seek local law enforcement assistance with

investigations of allegations of abuse to elder and dependent adults.

Article 11. Criminal Record Reporting

SEC. 27. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, except as provided in Section 7 of this act, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

No reimbursement is required by Section 7 of this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the

California Constitution.
